You can buy fresh, natural soaps and body care products and browse our changing collection of candles, bath accessories, and other gifts. Soapmaking demonstrations will be given weekly from Memorial Day through Columbus Day. Check our website for details. What makes our soap so special? All our soap is made from scratch in small batches from olive, coconut, palm, and castor oils. Many people never go back to commercial soap once they experience the sensation of hand-made soap. It is truly a different, and dare we say, a more sensual product. To understand why, just compare the list of ingredients on a bar of commercially-made soap with our own ingredients. No detergents, preservatives, artificial colors, sodium lauryl sulfate...just clean natural soap that's gentle and nourishing to the skin.

The Lure of Cape Cod

It's difficult to define what it is about Cape Cod that has continued to draw so many of us back to experience it again and again each summer. Perhaps it's the irresistible combination of its unique natural beauty - miles of beautiful, white-sand beaches and dunes and lush, fascinating marshes teeming with wildlife - its charming history dating back to the 17th century, and its abundance of family-oriented activities, and beautiful [Cape Cod vacation rentals](#). If lying on a gorgeous beach or reading a book on a porch overlooking wetlands isn't enough for you, we suggest you take advantage of some of these wonderful, in most cases free, quintessentially-Cape experiences:

Town Band Concerts

Small town band concerts are a part of Americana. Although these concerts are disappearing in many areas of the country, they remain a treasured and delightful part of the summer experience on Cape Cod.

Brewster Band Concert

Chatham Band Concert

In parks all over the Cape and Islands, local residents assemble in gazebos in their band uniforms and present a mix of music sure to delight all and get feet tapping. While parents and grandparents relax on blankets or in folding chairs waiting for the music to begin, children run around the bandstand and play in the area set aside for dancing. Then, when the band strikes up, the dancing begins – couples, parents with their children and even solo folks enjoy swaying to the music. Adding to the Normal Rockwell-like experience at some concerts are strings of balloons rising into the summer skies.

At most of these events, you can bring food and non-alcoholic beverages to enjoy and make it an even more festive event.

Here is a list of where you can catch the town band concerts during the summer months:

Sundays

Brewster -- 6 pm, Drummer Boy Field, Rte. 6A, Brewster

Martha's Vineyard -- 8 pm, alternating between Owen Park, Vineyard Haven and Ocean Park, Oak Bluffs

Mondays

Various Dates

Nantucket -- 6 pm, Band Shell at Children's Beach, Nantucket

Cape Cod Baseball League

The Cape Baseball League, established in 1885, is the premier amateur baseball league in the country. Ten teams showcase the talents of some of the best college players in the country as they play hard-hitting ball in parks from Wareham to Orleans from June to mid-August. The League, which bills itself "Where the Stars of Tomorrow Shine Tonight," is known for its beautiful ballparks, as well as the purity and simplicity of the games played. Many of today's Major League players got their start in the Cape League, including several players on the 2007 World Champion Boston Red Sox: World Series MVP Mike Lowell (Chatham '94), team captain Jason Varitek (Hyannis '91 & '93), former Gold Glove first baseman Kevin Youkilis (Bourne

'00) and speedy centerfielder Jacoby Ellsbury (Falmouth '04).

The league is also notable for its continuing use of wooden bats. Because it draws top-tier college players, the level of play is often considered the equivalent of high-A Minor League Baseball. Admission is free and refreshments are available to purchase. Get your hot dogs and ice cold drinks here!

The Cape Cod Baseball League Hall of Fame is worth a visit. It is located in the "Dugout," the lower level of the John F. Kennedy Museum in Hyannis.

Whale Watches

Many species of whales, including [humpbacks](#), spend a portion of the year at [Stellwagen Bank National Marine Sanctuary](#) in Cape Cod Bay. Stellwagen Bank attracts a variety of marine mammals and thousands of human visitors each year. USA Today named it one of the world's Top 10 Whale Watching Sites.

Just as vacationers return to Cape Cod year after year, so do the whales, and frequently you'll see a female with her new calf. Like human children, whale calves are playful and fun to watch. The whales are used to the whale watch boats and not bashful about approaching or showing off their behaviors.

Humpback whales have markings on their flukes (tails) that are unique to each individual whale and are the means by which scientists and whale watch captains identify whales that return year after year by the hundreds.

Many whales have been given names. A 47-foot (57 feet to the top of the lantern), octagonal wooden lighthouse was erected on a stone base, along with a wood-frame keeper's house, barn, and oil vault. The light went into service on November 18, 1799.

Find Cape Cod [whale watches](#) and other Cape Cod [sightseeing tours](#) in the Vacation Planner.

Lighthouses

Cape Cod and the Islands are home to over 20 lighthouses, many of which are open to the public. A visit to these historic sites can be fun, and it can also give you a sense of the hardships of life on Cape Cod and the Islands 200 years ago.

The waters off Cape Cod have always been difficult to navigate due to the rugged coastline, dangerous sand bars and rip tides, and too few safe harbors to enter during a storm. Over the past 300 years, there have been more than 3,000 shipwrecks on the Cape, mainly along the treacherous outer shore between Provincetown and Chatham, once known as the "Graveyard of the Atlantic."

Highland Light, Truro

Highland Light in Truro, is the oldest lighthouse on the Cape, built in 1797 in an effort to reduce the large number of wrecks. It was the first lighthouse in the nation to have a flashing light. The waters off Cape Cod were filled with ships back in the 18th and 19th century -- in one 11-day period in July 1853, Keeper Enoch Hamilton counted 1,200 craft passing his station. As many as 600 vessels were reportedly counted in one day in 1867.

Gay Head Lighthouse on Martha's Vineyard features one of the most dramatic and picturesque lighthouse locations on the Eastern Coast of the United States. With a tower height of only 51 feet, the lighthouse is impressive in person because it is perched on the 130-foot cliffs of red clay, providing a breathtaking view of the Vineyard Sound, the Elizabeth Islands and the surrounding area.

Plenty of Pedaling Around the Cape & Islands

Biking has always been one of the most popular activities for visitors to Cape Cod and the islands of Nantucket and Martha's Vineyard. You can safely enjoy both road and mountain biking on the many paved and off-road bike paths. Bike shops are plentiful if you need to rent a bike for adults or children. Since biking is an activity the whole family can enjoy, child trailers are also available.

Cape Cod

Throughout the Cape, you have your choice of both paved and unpaved bikeways. The most popular paved trails include:

- **Cape Cod Canal Bikeway:** A 7+ mile paved path along the canal between the Bourne and Sagamore bridges, providing wonderful views of boat traffic and ending at Scusset Beach on the mainland side of the canal.
- **Shining Sea Bikeway:** A 10.7-mile trail that follows the coast from North Falmouth to Woods Hole, winding along cranberry bogs,

Buzzards Bay, and Vineyard Sound.

Cliff Pond – Nickerson State Park

- **Cape Cod Rail Trail:** A 22-mile paved trail running along a former railroad right-of-way from Dennis to Wellfleet. The trail has a wide unpaved shoulder on one side to accommodate horseback riding, walkers, and runners.
- **Nickerson State Park Network:** An 8-mile trail winding through pine forests and along ponds and lakes of this state park in Brewster.
- **Cape Cod National Seashore Network:** The Nauset Marsh Trail in Eastham runs 1.5 miles into National Seashore acreage, ending at Coast Guard Beach, with a panoramic vista of the Atlantic Ocean.
- **Province Lands Bike Trail:** A 7+ mile trail beginning at Race Point in Provincetown and running through sand dunes and forests, ending at the ocean.

While many trails are conveniently located near our [Cape Cod vacation rentals](http://www.WeNeedaVacation.com/Guide), our Nantucket and Martha's Vineyard vacation rentals also provide easy access to biking paths:

Nantucket

Nantucket's terrain seems custom-made for bicycling -- never too steep and always scenic. There are over 24 miles of bicycle paths on

Nantucket, and most are separated from the roadways, making for a safe ride. Nantucket shuttle buses, equipped with bike racks, enable you to easily access any bike routes. A color-coded sign system helps guide bikers around the island.

Biking on Nantucket

Martha's Vineyard

It can be a challenge to cover the whole island of Martha's Vineyard, which is almost 100 square miles! Bike paths parallel most of the major roads, and all MVTA busses have bike racks. The mostly flat "down-Island" route -- from Vineyard Haven to Oak Bluffs to Edgartown and back—covers about 25 miles. For a more challenging trip, the "up-Island" trip to Chilmark and Aquinnah is much hillier and can cover more than 40 miles roundtrip.

Paddling the Pristine Waters of the Cape & Islands

Biking has always been one of the most popular activities for visitors to Cape Cod and the islands of Nantucket and Martha's Vineyard. You can safely enjoy both road and mountain biking on the many paved and off-road bike paths. Bike shops are plentiful if you need to rent a bike for adults or children. Since biking is an activity the whole family can enjoy, child trailers are also available.

Cape Cod's many diverse bodies of water provide excellent settings for kayakers of all skill levels and offer more than 60 different kayaking routes. Out on the Islands, the harbors, coves, and ponds are popular with kayakers, as are the South Shore beaches, which offer surf kayaking.

Cape Cod

On the Upper Cape, try a relaxing paddle along the Mashpee River in Mashpee; in Wild Harbor or West Falmouth Harbor in Falmouth; or Scorton Creek in Sandwich. Waquoit Bay, a national research reserve, also offers the chance to explore undeveloped Washburn Island. On Buzzard's Bay,

take in the calm waters of Pocasset Harbor near Barrett's Island or Vineyard Sound for more

experienced kayakers. Coonamesset Pond is a good choice for fresh water paddling.

In the Mid Cape area, the Herring River, which runs through the 200+ acres of Harwich conservation lands, is a favorite among paddlers of all ages and skill levels. Travel upriver to the marsh to see egrets, great blue herons, and ospreys. Other Mid Cape destinations include Bass River, the longest river on Cape Cod; Swan River; Swan Pond; and Nantucket Sound. For solitude, try Barnstable Harbor and the Great Marsh of West Barnstable, taking time to step onto Sandy Neck Beach.

The Lower Cape features Nauset Marsh, one of the most productive salt marsh habitats in the world and a spectacular spot for kayaking. It is ideal for birdwatching and otter-spotting. You may also find sunbathing seals on Nauset's barrier beaches. The waters are calm enough for beginners, but the beauty brings back even the most experienced kayakers time and again. Check the tides before paddling out, however. Low tide results in vast areas of mud flats that could leave you stranded. Other Lower Cape choices are Pleasant Bay; Chatham's Oyster River; and Cliff Pond, Flax Pond, and Little Cliff Pond in Brewster's Nickerson State Park.

Up on the Outer Cape, Long Point and Pamet Harbor in Truro; Blackfish Creek, Wellfleet Harbor, and Great Island in Wellfleet; and Provincetown Harbor are all popular out and back kayaking spots. These areas are especially choice for sunset paddling.

Sea kayakers will find that Cape Cod's shoreline provides many inlets, coves, and harbors. Cape Cod Bay, Pleasant Bay, and Nantucket Sound offer open water for adventure kayaking and the opportunity to fish or view sea life such as the seals that make Monomoy Island their summer home.

There are many kayak outfitters and tour guides on Cape Cod from Falmouth to Provincetown. If you have never kayaked, most are happy to offer some instruction, but novices are encouraged to join a tour. Tours range from two hours to a full day.

South Shore and Southeastern MA

Kayaking possibilities abound on the South Shore and Southeastern Massachusetts, including Buzzards Bay and the protected harbors of Marion and Westport. Paddle inner Plymouth Harbor and you can get a great view of the Mayflower and Plymouth Rock.

Nantucket

Kayaking the waters of Nantucket offers experienced or novice kayakers many different opportunities. Nantucket Harbor offers easy paddling, with side trips into marshes with abundant bird life and along the coast to some of Nantucket's pristine beaches. Explore the many coves and even fish from the kayak and catch keeper bass or other fish.

Ocean kayaking is available across the Island. You will find good surfing waves on the South Shore for

much of the year.

Kayaks are available for rent at the harbor or they can be delivered to the beach for surf kayaking.

Martha's Vineyard

Gliding along beneath the spectacular Aquinnah Cliffs, paddling in Edgartown Harbor in front of the historic lighthouse, or nighttime paddles in the phosphorescence of Menemsha Pond are just a

few of the ways kayakers can enjoy themselves on Martha's Vineyard.

Make a day of it by paddling to Cape Pogue on Chappaquiddick Island or around the Elizabeth Islands, or enjoy an afternoon venturing into the estuaries and quahog beds of the Felix Neck Wildlife Sanctuary and Sengekontacket Pond.

Martha's Vineyard has half a dozen or so ponds where you can enjoy a short, enjoyable paddle, or, like Nantucket, experience great kayak surfing in the waves of the ocean-facing southern shore.

Rentals are available and can be delivered.

Tee Off on the Cape & Islands

Avid golfers are eager to enjoy as many tee times as possible before they are forced to put away their clubs for the winter months. And they know the courses on the Cape and Islands are among the premier golfing destinations in New England. Golfing during the fall offers delightful weather, no summertime crowds or traffic, and the prices are very reasonable. Many of the region's top private courses open up to non-member play in the off season. It's the perfect activity at the perfect time and in the perfect place.

Perhaps the best thing about the dozens of public and semi-private golf courses on the Cape and Islands is their diversity and proximity to [Cape Cod vacation rentals](#). You can spend the day playing a par 72 with hard fairways, run-up shots to the greens, and a few ball-swallowing bunkers, or sneak in a short game at one of the surprisingly challenging par 3 courses scattered throughout the Cape.

The courses on the Cape and Islands are typically

Golfing in New Seabury

set in terrain of gentle hills, fairways bordered by Cape Cod scrub pines along with some oak trees, deep fescue rough, more than a few water holes,

Golfing in New Seabury

and strategically placed bunkers. Some of the best golf architects have contributed to the high quality of Cape and Islands golf courses: Jim Fazio, working with the irrepressible Chi Chi Rodriguez, Geoffrey Cornish, Brian Silva, and Rees Jones just to name a few.

Adding to the pleasure of golfing on the Cape and Islands are the many courses that are set along the coast, offering views of Buzzards Bay, Pleasant Bay, Cape Cod Bay, and even the Atlantic Ocean.

Most golf courses and clubs offer a pro shop, driving range, putting green, and club rentals, and instruction is likely available for all levels. That all important "19th hole" is also found at most courses and clubs.

If you know members of private golf courses on the Cape and Islands, ask them about policies in the shoulder season that allow members to have friends golf as unaccompanied guests.

Cook Up the Cape & Islands Favorite Fare

For many vacationers, no vacation in Cape Cod or on the Islands would be complete without lobster. While most seafood markets will cook the lobsters for you, many vacation rentals come equipped with lobster steamers, so you can cook your own. Steam them in a few inches of water for about 20 minutes to the pound or until they are red but retain a slight amount of dark splotching on the shell. Serve with fresh local sweet corn and plenty of melted butter.

You can replicate a lobster bake, with sausage, potatoes, clams and corn, without all the work of digging a pit. All you need is a gas or charcoal grill. (See our recipe at the end of this article.)

There are two types of clams -- hard shell and soft shell.

Soft shelled clams are also called "steamers" and are found only in New England and the Chesapeake Bay. They live in "the flats," the somewhat mucky sand left behind at low tide. You'll find hard shelled clams, also known as quahogs (CO-

hogs), live in bays and along beaches in the sand just beneath the water. They are harvested by raking. Licenses are required by all towns in order to harvest shellfish.

Both types of clams can be easily steamed in an inch or so of water, if you do not have a proper steamer. It only takes a few minutes, and you'll know the clams are cooked when their shells begin to open up. Literally dig with your hands and pull them loose.

Cape Cod Lobster Bake Prepared on the Grill (serves 4)

- 4 Cape Cod lobsters, about 1 1/4 pounds each
- 4 ears sweet corn, shucked except for innermost leaves
- 2 lbs steamer clams, cleaned
- 2 lbs mussels, cleaned
- 1 lb linguica (or other firm sausage), cut into four pieces
- 12 small red potatoes
- 2 cups water
- 5 lbs fresh seaweed (or add 2 teaspoons of salt to cooking water and aluminum foil)

In a large roasting pan or steamer, place one-inch layer of seaweed or a layer of crumpled aluminum foil or on a rack.

Parboil the potatoes. Shuck the corn except for the innermost leaves.

Place lobster on seaweed or aluminum foil; arrange corn and sausage between the lobster and the sides of the pan.

Place clams, mussels, and potatoes gently over the lobster. Keep the top of the pan contents level.

Cover with remaining seaweed and add water (salted if no seaweed) over the top.

Cover the pan tightly with aluminum foil or a lid and place on preheated grill to cook. Make sure the grill is very hot.

When steam becomes visible, cook covered for 20 minutes. Check potatoes for doneness -- if they are cooked, the lobsters should be also. (Properly cooked lobsters should be red with just a slight bit of black mottling on the shell.)

Remove from heat, but leave covered for 5 more minutes.

Serve with lemon and melted butter.
