

Dear Homeowner,

With the 2021 summer season almost upon us, we wish you a smooth and happy one! Our team is always looking for ways to make the management of your rental easy and efficient, as well as environmentally friendly, in effort to help preserve this dearly loved area.

We have assembled a few items that you might share with your vacationers by posting them in your rental or welcome book.

Enclosed, you will find:

- p. 2 . . . **10% OFF coupon** to RideAway Adventures for your vacationers
- p. 3 . . . “Best Recycling Practices” sheet
- p. 4 . . . “How to keep cool this summer while using less energy” sheet
- p. 5 . . . friendly, social distance reminder from Take Care Cape Cod
- p. 6 . . . cleaning log for your rental

We hope you find these offerings helpful and fun!

Wishing you a great season,

The WNAV Team

Consciously Cool on the Cape and Islands

How to keep cool while using less energy

Close all windows when the AC is on

Don't stress the AC and let the cool air escape! Be sure to close all windows when the AC is running.

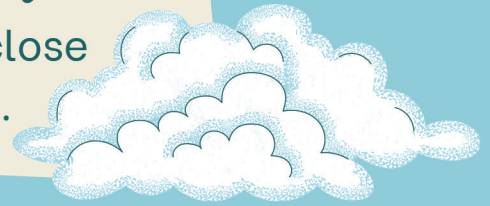

Take advantage of natural cooling

Turn off the AC, open the windows, and use fans at night when temps cool – enjoy the salty summer breeze!

Reduce heat gain during the day

Turn off the lights during the day and close the blinds in southern-facing windows.

Be mindful of your thermostat setpoints

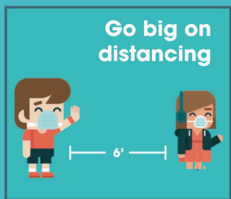

Try not to set the AC any lower than 70° as it will use more energy and could cause stress on the AC. (**Tip:** the room will not cool any faster the lower you set the temperature!)

Thank you for being consciously cool on the Cape & Islands!

Ahoy, Humans

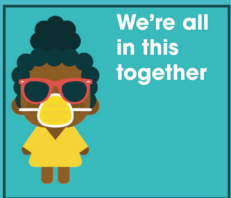

We're all in this together.
Take Care with these guidelines.

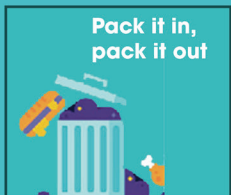

Six feet and a mask please.

Since we're all social distancing a smile and a wave is fine.

Let's go big on caring for each other.

Do whatever it takes to take whatever you brought.

Blaze a trail of kindness.

Take
care.
